The Honorable Joe Barton

Dear Congressman Barton:

This responds to your January 29, 2019, request for an extension of time for filing your final Financial Disclosure Statement (FD Statement) required by the Ethics in Government Act of 1978 (EIGA), which was received by the Committee on January 30, 2019.

Title I of EIGA requires Members of the U.S. House of Representatives to file a final FD Statement with the Clerk of the House 30 days from departure. The Chairman and Ranking Member of the Committee on Ethics are authorized to grant requests for extensions of time, up to a maximum of 90 days, for filing FD Statements. Any such request must be received by the Committee no later than the date on which the FD Statement is due.

Following your January 3, 2019, departure, you were originally given a due date of February 2, 2019, for filing your final FD Statement. The Committee timely received your request for a 30-day extension on January 30, 2019. The Committee will grant the extension request. Accordingly, your new due date for your final FD Statement is March 4, 2019.

If you have any questions concerning proper completion of your FD Statement, please contact the Committee at (202) 225-7103. Committee staff is also available to assist you with financial disclosure.

Sincerely,

Theodore E. Deutch
Chairman
