Clerk of the House  
US House of Representatives  
B106 Cannon House Office Building

Gentlemen:

I received your letter of November 20, 2012 asking for clarification on two items related to my PFD.

I cleared up the issues related to five real estate entities when I spoke with Heather over the phone. She said she has everything she needs for those five entities.

The remaining issue was AR Incubator Fund. That fund is not self directed.

I trust this clears up everything related to your November 20 letter. If you need anything further, please let me know.

Sincerely,

Christopher C. Collins  
Congressman-Elect NY 27
