

HAND LIVER

Periodic Transaction Report

Page 1 of 1

Figure 1. Schematic diagram of the experimental setup. The subject is seated in a chair, viewing a video screen. The screen displays a target (a small circle) and a starting point (a small square). The subject's hand is positioned at the starting point. The video screen is connected to a computer system, which controls the video camera and the video screen. The video camera is positioned above the video screen, and the video screen is positioned in front of the subject. The computer system is connected to a video camera and a video screen. The video camera is positioned above the video screen, and the video screen is positioned in front of the subject. The computer system is connected to a video camera and a video screen. The video camera is positioned above the video screen, and the video screen is positioned in front of the subject.
