Dear Ms. Miller:

Please find attached an amendment to my 2008 financial disclosure, which contains detailed account information for a Vanguard rollover IRA.

Please also note that the year-end value of a Soha & Lang, PS 401(k) retirement plan should have been zero (to reflect the Vanguard rollover IRA).

Sincerely,

MAILING SCHEDULE FOR BROKERAGE TAX FORMS

In some cases, IRS 1099 forms for brokerage clients will be mailed and available online in late January. If you have received income from a regulated investment company-such as mutual funds (open or closed-end), real estate investment trusts, or unit investment trusts-your forms will be ready in mid-February.

BROKERAGE ACCOUNT PROTECTION UPDATE

The Securities Investor Protection Corporation (SIPC) protects your covered Vanguard Brokerage account assets up to \$500,000 in value, including \$100,000 in cash awaiting reinvestment. To offer you greater protection and security, our clearing agent, Pershing LLC, provides coverage in excess of SIPC limits to qualifying accounts through Customer Asset Protection Company (CAPCO). In anticipation of CAPCO's coverage expiring in February 2009, Pershing has secured additional excess account protection through Lloyd's of London, effective immediately. The coverage provided through Lloyd's of London will protect assets up to an overall aggregate level of \$1 billion, including \$1.9 million in cash awaiting reinvestment for your individual account. For more information about the protection of your account assets, please visit www.sipc.org. You can also visit CAPCO at www.capcoexcess.com and Lloyd's of London at www.lloyds.com. Please note that excess account protection does not protect against loss due to market fluctuation.

clearing agent, Pershing LLC. When the transition takes place, you will receive a new brokerage account number. You'll receive additional information about these changes in the coming months. You do not need to take action at this time. If you have any questions, please call us at 800-369-0530.

FOR OUR AVERAGE COST CLIENTS

Average Cost Basis: The amount paid to purchase the shares redeemed, calculated by using the IRS-approved Average Cost Single Category method, with transaction and redemption fees incorporated where applicable.

Gain or Allowable Loss: The gain or loss realized by the redemption, calculated by subtracting the average cost from the redemption proceeds. Gains and losses are short-term if held a year or less, long-term if held more than a year.

FOR OUR BROKERAGE CLIENTS

Your Vanguard Brokerage Services ("VBS") account is carried by Pershing LLC, a subsidiary of The Bank of New York Mellon Corporation ("Pershing"), member NYSE, FINRA, and SIPC, pursuant to a written agreement with Vanguard Marketing Corporation ("VMC"). VBS is a division of VMC. Your cash and/or securities (except Vanguard mutual funds, which are held directly by The Vanguard Group, Inc.) are held in custody at Pershing.

I. General Information and Key Terms

Advice: Pershing and VBS do not provide tax, investment, or legal advisory services, and no one associated with Pershing or VBS is authorized to render such advice.

Confirmations: You may have received confirmations for transactions or placed transactions that do not appear on your statement. If so, the transactions will appear on your next periodic statement. Such transactions must be considered by you when computing the value of your account.

Direct Participation Program ("DPP") and Real Estate Investment Trust ("REIT"): DPP and REIT securities are generally illiquid. The value of the security will be different than its purchase price. Any estimated value on your statement may not be realized when you seek to liquidate the security.

Dividend Reinvestment: Pershing combines the cash distributions from the accounts of all clients who have requested reinvestment in the same security. Pershing then uses these combined funds to purchase additional shares of the security in the open market and divides the new shares proportionately among the clients' accounts. Accounts are credited with the reinvestment amount in whole and fractional shares (rounded to three decimal places) at the average price paid for the allocated shares. Participants in our free dividend reinvestment program should refer to the "Description" area of the "BROKERAGE ACTIVITY" section of their Vanguard Brokerage statements for details of transaction history and dates. Note that "RD" refers to the stockholder of record date, and "PD" refers to the date that the dividend is paid. For FundAccess(R) mutual fund reinvestments, the "settle date" and "trade date" represent the day the transaction is entered in your account record. Call Vanguard Brokerage Services with any questions.

Reporting Brokerage Account Discrepancies: Promptly report in writing any inaccuracies or discrepancies in your brokerage account (including unauthorized trading) to Vanguard Brokerage Services(R) and Pershing LLC, the clearing agent for Vanguard Brokerage Services and a Subsidiary of The Bank of New York Mellon Corporation. Any oral communication should be confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act. Contact: Vanguard Brokerage Services, P.O. Box 1170, Valley Forge, PA 19482-1170, 800-992-8327; and Pershing LLC, Legal Department, One Pershing Plaza, Jersey City, NJ 07399, 201-413-3330.

Financial Statement: A financial statement of Pershing is available for your inspection at any time upon request to VBS.

Free Credit Balance: Any free credit balance carried for your account represents funds payable on demand, which, although properly accounted for on Pershing's books of record, are not segregated and may be used in the conduct of its business to the extent permitted by law.

Margin Account: If you maintain a margin account, this is a combined statement of your general account and a special memorandum account maintained for you under Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the separate account as required by Regulation T is available for your inspection upon request to VBS.

Open Orders: Open good-till-canceled ("GTC") orders are automatically entered on a "do not reduce" basis. The limit price will not be adjusted when a stock goes "ex-dividend." You must maintain records of all open orders. Be sure to review your open GTC orders periodically. VBS automatically cancels your open orders 60 calendar days after the business day for which the order was placed. If this day falls during a weekend or on a holiday, the order will be canceled on the next business day, before the markets open.

Tax Information: After year-end, Pershing is required to provide tax information to the Internal Revenue Service and other governmental authorities. At that time you will be provided necessary information on the annual tax information statement; use that statement to prepare your tax filings. Note that certain types of assets typically incur a need for corrected tax forms.

Trade Execution: VBS or Pershing may have acted as principal, agent, or both in the placement of trades in your account. Details are provided upon request to VBS.

II. Portfolio Holdings

This statement reflects the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices have been obtained from quotation services that we believe to be reliable; however, we cannot guarantee their accuracy. Securities for which a price is not available are marked "N/A" and are omitted from the total.

The current interest or most recently declared dividend for each security is annualized to create the Estimated Annual Income figure. This figure can vary substantially from one year to the next. As a result, actual amounts distributed may be more or less than those estimated on this statement. The Estimated Annual Income figure is then divided by the current price to give the Estimated Percent yield, which too could vary substantially because the income is estimated and does not take into account your holding period. These figures are estimates only and have been obtained from sources believed to be reliable, but no assurance has been made as to accuracy. Accrued interest represents interest earned but not yet received.
