BLOCK A		BLOCK B													BLOCK C							BLOCK D												BLOCK E			
Asset and/or Income Source		Value of Asset													Type of Income							Amount of Income												Transaction			
Identify (a) each asset held for investment or production of income and with a fair market value exceeding \$1,000 at the end of the reporting period, and (b) any other reportable asset or source of income that generated more than \$200 in "unearned" income during the year.		Indicate value of asset at close of the reporting period. If you use a valuation method other than fair market value, please specify the method used. If an asset was sold during the reporting period and is included only because it generated income, the value should be "None." *Column M is for assets held by your spouse or dependent child in which you have no interest.													Check all columns that apply. For accounts that generate tax-deferred income (such as 401(k), IRA, or 529 accounts), you may check the "Tax-Deferred" column. Dividends, interest, and capital gains, even if reinvested, must be disclosed as income for assets held in taxable accounts. Check "None" if the asset generated no income during the reporting period.							For assets for which you checked "Tax-Deferred" in Block C, you may check the "None" column. For all other assets indicate the category of income by checking the appropriate box below. Dividends, interest, and capital gains, even if reinvested, must be disclosed as income for assets held in taxable accounts. Check "None" if no income was earned or generated. *Column XII is for assets held by your spouse or dependent child in which you have no interest.
