Dear Representatives Bonner and Sanchez,

Your letter, which I received on June 13, 2011, stated that additional information was needed for my 2010 Financial Disclosure Statement. I am pleased to clarify any questions that you may have.

After reviewing your letter, there appears to be two problems with my last disclosure statement. The first deals with an asset that was listed in Schedule III, which I labeled as "Morgan Stanley Smith Barney Investment Account." After consultation with committee staff, I understand that I should have listed it as a series of exchange traded & closed funds. I am attaching a copy of my year-end statement, which lists all of the funds contained within this account that was opened with Morgan Stanley Smith Barney. Because I gave this broker a certain amount of money and did not and do not direct any of the transactions that occur within these funds, I am now told that I do not need to list every sale and purchase that takes place during the year. The combined, year-end value of these funds would place it in the category of \$15,001-50,000. Because I do not self-direct any of these transactions, I should not have listed any transactions that occurred during the year in Schedule IV of my statement.

The other problem that was cited deals with a series of capital gains and losses that I listed in Schedules III and IV. All of these transactions occurred within the Merrill Lynch Cash Management Account, which was transferred during 2010 to UBS Financial Services. In the spirit of full disclosure, I listed all of these, even the losses. All came from a mutual fund where I do not direct any of transactions. I now understand that I should not have listed any of these because there were contained within a fund that makes transactions all year long without my involvement. So, the amended form would not list any of the following in Schedules III and IV – please remove from my 2010 Financial Disclosure Form: McAfee, Inc., Federated Kaufman Fund, Davis NY Venture, Frontier Communications, Amgen, Atmel, BJs Wholesale, Bank of America, and Boston Scientific.

Exchange traded & closed end funds

Citi Investment Research & Analysis (CIRA) ratings may be shown for certain closed-end funds. All research ratings represent the "opinions" of the research provider and are not representations or guarantees of performance. Because the research report contains more complete information regarding the analyst's opinions, analysis, and rating, you should read the entire research report and not rely on its contents from the rating. CIRA closed-end fund recommendations include an investment rating and a risk rating. The Investment Rating code (1, 2, 3) is based upon CIRA's expectation of the security's performance relative to its peer group of closed-end funds. The Risk Rating (L, M, H or S) represents the fund's expected risk, taking into account the quality and liquidity of the underlying securities, financial leverage and foreign currency exposure. Please refer to the end of this statement for a guide describing CIRA ratings.

Closed end investment companies are grouped below by portfolio designation. Guidelines is provided to assist in tax preparation. It is not intended to calculate investment returns or performance.

Consulting Group Research (CGR) conducts on-going research on a wide variety of exchange-traded funds for certain investment advisory programs. Your individual exchange-traded fund holdings in your brokerage account may or may not be covered by CGR. Please contact your Financial Advisor for further information regarding whether your exchange-traded fund holdings are covered by CGR.
