IF ANY TRANSACTION OR OTHER INFORMATION APPEARS TO BE IN ERROR OR NOT IN ACCORDANCE WITH YOUR UNDERSTANDING OR INSTRUCTIONS, OR IF THERE ARE ANY INACCURACIES OR DISCREPANCIES REGARDING THIS STATEMENT, PLEASE NOTIFY THE MORGAN KEEGAN CUSTOMER SERVICE DEPARTMENT AT FIFTY NORTH FRONT STREET, MEMPHIS, TENNESSEE 38103 OR CALL 800-290-2358. UNLESS NOTIFIED IN WRITING TO THE CONTRARY, THIS STATEMENT WILL BE DEEMED ACCURATE AND CONCLUSIVE IF NOT OBJECTED TO WITHIN TEN (10) DAYS OF YOUR RECEIPT OR IN ANY CASE AFTER THIRTY (30) DAYS FROM THE DATE OF THE STATEMENT. THE STATED COST BASIS AND GAIN/LOSS SUMMARY FOR YOUR INVESTMENTS ARE BASED, IN PART, UPON INFORMATION OBTAINED FROM YOU, THE CLIENT, AND ITS ACCURACY IS NOT GUARANTEED. PLEASE NOTIFY MORGAN KEEGAN IF THERE IS ANY CHANGE IN YOUR INVESTMENT OBJECTIVES OR FINANCIAL SITUATION.

ANY QUESTIONS, INQUIRIES OR COMPLAINTS ABOUT THE WAY YOUR ACCOUNT HAS BEEN HANDLED SHOULD BE DIRECTED TO THE MORGAN KEEGAN CUSTOMER SERVICE DEPARTMENT AT FIFTY NORTH FRONT STREET, MEMPHIS, TENNESSEE 38103 OR CALL 800-290-2358. ANY ORAL COMMUNICATIONS SHOULD BE RE-CONFIRMED IN WRITING TO PROTECT YOUR RIGHTS, INCLUDING RIGHTS UNDER THE SECURITIES INVESTOR PROTECTION ACT (SIPA).

Only clients meeting certain asset requirements may participate in the Morgan Keegan MOR Account program. A MOR Account is available to clients for the purpose of accessing credit interest balances, fund balances and margin borrowing directly through your Financial Advisor or your MOR Account checking feature. An optional debit card is also available in conjunction with the program.

If you have a margin account, this is a combined statement of your Morgan Keegan MOR Account and a special memorandum account maintained for you as required under Section 220.6 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the special memorandum account is available for your inspection upon request. The account statement may also reflect other information where separate regulatory or Morgan Keegan documentation is required in order to fully utilize all of the account's features. Your free credit balances are property and separately accounted for on Morgan Keegan's books of record and are available to you upon request. These balances are not segregated and may be used in the conduct of Morgan Keegan business. Securities carried in your MOR Account are deliverable to you upon payment of any indebtedness existing on Morgan Keegan records. Margin Buying Power is the combination of the unused loan value of your marginable securities held by Morgan Keegan and any free credit balance in your margin account. Initial margin requirements are established and defined by Regulation T of the Federal Reserve Board of Governors. Interest, if any, is calculated on a daily basis and accumulated and reported to you on a monthly basis. The interest rate charged on the borrowed amount depends on several factors, including the amount borrowed. Amounts borrowed on margin increase leverage and may decrease the amount you can borrow in the future. Please refer to the Statement of Credit Terms in the MOR Account Application Package for a detailed explanation.

If you have sold securities short, we have segregated the proceeds from such transactions into your short account. Subsequent increases or decreases in the market value of any short security position, determined by daily marking to the closing price of the security, will be transferred to your margin account.

Account value is determined by adding together cash and securities held in the account, less any margin loan balance. Equity product values are generally based on the closing price as of the last day of the statement period. Estimated annual yield is based on current market value of all securities.

While Morgan Keegan strives to provide accurate and timely estimates of portfolio values, the accuracy of the values cannot be guaranteed, and there is no assurance that the prices listed are available in the market. Where prices are not readily available, estimates are determined by using mathematical models or by using computer generated matrix pricing systems. To obtain the price at which you can buy or sell a security today, please contact your Morgan Keegan Financial Advisor. A financial statement of Morgan Keegan is available upon request.

Information on commission and other charges incurred in connection with the execution of option transactions has been included in confirmations of these transactions previously sent to you, and a summary of the information is available upon request. Exercise assignment notices for option contracts are allocated among customer short option positions by random computer selection. American-style options are liable for assignment at any time, including positions established on the

day of assignment. European-style options may be exercised only during a specified period before the option expires. A more detailed description of the random selection allocation is available upon request.

Only clients meeting certain asset requirements may participate in the Morgan Keegan MOR Account program. A MOR Account is available to clients for the purpose of accessing credit interest balances, fund balances and margin borrowing directly through your Financial Advisor or your MOR Account checking feature. An optional debit card is also available in conjunction with the program.

If you have a margin account, this is a combined statement of your Morgan Keegan MOR Account and a special memorandum account maintained for you as required under Section 2206 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the special memorandum account is available for your inspection upon request. The account statement may also reflect other information where separate regulatory or Morgan Keegan documentation is required in order to fully utilize all of the account's features. Your free credit balances are properly and separately accounted for on Morgan Keegan's books of record and are available to you upon request. These balances are not segregated and may be used in the conduct of Morgan Keegan business. Securities carried in your MOR Account are deliverable to you upon payment of any indebtedness existing on Morgan Keegan records. Margin Buying Power is the combination of the unused loan value of your marginable securities held by Morgan Keegan and the free credit balance in your margin account. Initial margin requirements are established and accumulated and reported to the Federal Reserve Board of Governors. Interest, if any, is calculated on a daily basis and accumulated and reported to the Federal Reserve Board of Governors. The interest rate charged on the borrowed amount depends on several factors, including the future, on a monthly basis. The interest rate charged on the borrowed amount and may decrease the amount you can borrow in the future. Amounts borrowed on margin increase leverage and may decrease the amount you can borrow in the future. Please refer to the Statement of Credit Terms in the MOR Account Application Package for a detailed explanation.

If you have sold securities short, we have segregated the proceeds from such transactions into your short account. Subsequent increases or decreases in the market value of any short security position, determined by daily marking to the closing price of the security, will be transferred to your margin account.

Account value is determined by adding together cash and securities held in the account, less any margin loan balance. Equity product values are generally based on the closing price as of the last day of the statement period. Estimated annual yield is based on current market value of all securities.

While Morgan Keegan strives to provide accurate and timely estimates of portfolio values, the accuracy of the values cannot be guaranteed, and there is no assurance that the prices listed are available in the market. Where prices are not readily available, estimates are determined by using mathematical models or by using computer generated matrix pricing systems. To obtain the price at which you can buy or sell a security today, please contact your Morgan Keegan Financial Advisor. A financial statement of Morgan Keegan is available upon request.

Information on commission and other charges incurred in connection with the execution of option transactions has been included in confirmations of these transactions previously sent to you, and a summary of the information is available upon request. Exercise assignment notices for option contracts are allocated among customer short option positions by random computer selection. American-style options are liable for assignment at any time, including positions established on the

day of assignment. European-style options may be exercised only during a specified period before the option expires. A more detailed description of the random selection allocation is available upon request.
