Page 4 of 7

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value of \$100 or more at the end of the reporting year, and (b) any other asset or source of income which generated more than \$200 in net capital gain during the year. For rental property, provide a complete address, including all names of stocks and mutual funds (use ticker symbols). For all IRAs and other retirement plans (such as 401(k) plans) that are self-directed (i.e., plans in which you exercise power, even if not exercised, to select investments), provide the value of income information on each asset in the account that exceeds the reporting threshold. For retirement plans that are not self-directed, indicate the institution holding the account and the end of the reporting period. For all businesses that are not publicly traded, indicate the name of the business, the nature of its activities, and its geographic location, in block A. For additional information, see the instruction booklet.

BLOCK B

Value of Asset

Indicate value of asset at close of reporting year. If you use a valuation method other than fair market value, please specify the method used. If an asset was sold during the reporting year and is included only because it generated income, the value should be "None."

BLOCK C

Type of Income

Check all columns that apply. For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA." For all other assets including all IRAs, indicate the type of income by checking the appropriate box below. Dividends and interest, even if reinvested, should be listed as income. Check "None" if asset did not generate any income during calendar year.

BLOCK D

Amount of Income

For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA" for income. For all other assets, including all IRAs, indicate the category of income by checking the appropriate box below. Dividends and interest, even if reinvested, should be listed as income. Check "None" if no income was earned or generated.
