Re: Amendment to Financial Disclosure Statement

Dear Ms. Haas:

Regarding the cover page, I believe I should have checked "no" to Question iv, as I held no positions other than governmental ones during the time specified.

Regarding Schedule II Assets and Unearned Income, the underlying asset value for the New York Life Variable Annuity Moderate Allocation is Category F under Block B.

The California State Teacher Retirement Plan is a defined benefit public pension. My account value is Category F under block B. The Defined Benefit Supplement is an automatic savings account for Defined Benefit Program members. My account value is Category D under Block B. The California Public Employee Retirement System is a defined public pension. My account value is Category C under Block B.

Respectfully submitted,

Mark Takano
Member-Elect, 113th Congress
41st District of California
