IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets, including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposit(s)) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government. Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request

If you have an investment account that is managed by an SEC-Registered Investment Advisor, the Private Bank of J.P. Morgan will provide a copy of the advisor's Form ADV II or brochure upon written request.

IF THIS STATEMENT RELATES TO A TRUST GOVERNED BY CALIFORNIA LAW FOR WHICH JPMorgan Chase Bank, N.A. IS A FIDUCIARY. California Probate Code Section 16060, et. seq., requires us to tell you the following:

- The recipient of this account may petition the court pursuant to California Probate Code Section 17200 to obtain a court review of this account and of the acts of the trustee reported here.

Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees.

JPM, JPMC or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Morgan Companies may be compensated for such services. A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.

Bank products and services are offered through JPMC and its affiliates.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

JPM is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMC. The securities sold, offered, or recommended by JPM:

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;
- (2) Are not deposits or other obligations of JPM's bank or thrift affiliates (unless otherwise indicated), and are not guaranteed by or the responsibility of any such affiliates (unless explicitly stated otherwise); and
- (3) Involve investment risks, including possible loss of the principal invested.

JPM's banking affiliates may be lenders to issuers of securities that JPM underwrites, in which case proceeds of offerings underwritten by JPM may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPM obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPM will constitute your consent to the sharing of such information by JPM and its bank or thrift affiliates, to the extent permitted by law.

IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings), furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds on The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.
Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request
If you have an investment account that is managed by an SEC-Registered Investment Advisor, the Private Bank of J.P. Morgan will provide a copy of the advisor's Form ADV II or brochure upon written request.

Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees.

JPM, JPMCB or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Morgan Companies may be compensated for such services. A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.

Bank products and services are offered through JPMCB and its affiliates.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

JPM is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMCB. The securities sold, offered, or recommended by JPM:

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;

The Federal Reserve requires that JPM obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPM will constitute your consent to the sharing of such information by JPM and its bank or thrift affiliates, to the extent permitted by law.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, Investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not Insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TDF 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request

Morgan Companies may be compensated for such services.

A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.

Bank products and services are offered through JPMCB and its affiliates.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

JPMS is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMCB. The securities sold, offered, or recommended by JPMS:

- JPMS's banking affiliates may be lenders to issuers of securities that JPMS underwrites, in which case proceeds of offerings underwritten by JPMS may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPMS obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMS will constitute your consent to the sharing of such information by JPMS and its bank or thrift affiliates, to the extent permitted by law.

IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets, including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business on the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.
Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government: Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request

If you have an investment account that is managed by an SEC-Registered Investment Advisor, the Private Bank of J.P. Morgan will provide a copy of the advisor's Form ADV II or brochure upon written request.

Limitation of Action Against Trustee. The limitations periods are as follows - Florida within 6 months (FL ST 737.1108), Michigan within 1 year (MCL 700.7307), Ohio within 2 years (ORC 5810.05), Pennsylvania within 5 years (20 Pa.C.S.A. § 7785(b)), California within 3 years (Cal. Prob. Code § 16063(6)). Questions, please consult your attorney.

IF THIS STATEMENT RELATES TO A TRUST GOVERNED BY CALIFORNIA LAW FOR WHICH JPMorgan Chase Bank, N.A. IS A FIDUCIARY, California Probate Code Section 16060, et. seq., requires us to tell you the following:

Shareholders of certain JPMorgan Funds are charged a redemption fee equal to 2% of the proceeds if they exchange or redeem shares of such funds within 60 days of purchase, subject to certain exceptions set forth in the prospectus of the applicable Fund. Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees. JPMSC, JPMC or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Morgan Companies may be compensated for such services. A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.

Bank products and services are offered through JPMC and its affiliates.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

JPMSC is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMC. The securities sold, offered, or recommended by JPMSC:

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;
- (2) Are not deposits or other obligations of JPMSC's bank or thrift affiliates (unless otherwise indicated), and are not guaranteed by or the responsibility of any such affiliates (unless explicitly stated otherwise); and
- (3) Involve investment risks, including possible loss of the principal invested.

JPMSC's banking affiliates may be lenders to issuers of securities that JPMSC underwrites, in which case proceeds of offerings underwritten by JPMSC may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPMSC obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMSC will constitute your consent to the sharing of such information by JPMSC and its bank or thrift affiliates, to the extent permitted by law.

IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations; (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.
Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request
If you have an investment account that is managed by an SEC-Registered Investment Advisor, the Private Bank of J.P. Morgan will provide a copy of the advisor's Form ADV II or brochure upon written request.

Limitation of Action Against Trustee. The limitations periods are as follows - Florida within 6 months (Fl. ST 737.1108), Michigan within 1 year (MCL 700.7307), Ohio within 2 years (ORC 5810.05), Pennsylvania within 5 years (20 Pa.C.S.A. § 7785(b)), California within 3 years (Cal. Prob. Code § 16063(6)). Questions, please consult your attorney.

IF THIS STATEMENT RELATES TO A TRUST GOVERNED BY CALIFORNIA LAW FOR WHICH JPMorgan Chase Bank, N.A. IS A FIDUCIARY, California Probate Code Section 16060, et. seq., requires us to tell you the following:

- The recipient of this account may petition the court pursuant to California Probate Code Section 17200 to obtain a court review of this account and of the acts of the trustee reported here.

Shareholders of certain JPMorgan Funds are charged a redemption fee equal to 2% of the proceeds if they exchange or redeem shares of such funds within 60 days of purchase, subject to certain exceptions set forth in the prospectus of the applicable Fund. Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees.

JPMS, JPMCB or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Morgan Companies may be compensated for such services. A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.

Bank products and services are offered through JPMCB and its affiliates.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

JPMS is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMCB. The securities sold, offered, or recommended by JPMS:

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;
- (2) Are not deposits or other obligations of JPMS's bank or thrift affiliates (unless otherwise indicated), and are not guaranteed by or the responsibility of any such affiliates (unless explicitly stated otherwise); and
- (3) Involve investment risks, including possible loss of the principal invested.

JPMS's banking affiliates may be lenders to issuers of securities that JPMS underwrites, in which case proceeds of offerings underwritten by JPMS may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPMS obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMS will constitute your consent to the sharing of such information by JPMS and its bank or thrift affiliates, to the extent permitted by law.

IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values. Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be liquidated. The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put.

Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement. The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services. This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government: Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request

If you have an investment account that is managed by an SEC-Registered Investment Advisor, the Private Bank of J.P. Morgan will provide a copy of the advisor's Form ADV II or brochure upon written request.

JPMS, JPMCB or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Morgan Companies may be compensated for such services. A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.

Bank products and services are offered through JPMCB and its affiliates.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

JPMS is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMCB. The securities sold, offered, or recommended by JPMS;

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;
- (2) Are not deposits or other obligations of JPMS's bank or thrift affiliates (unless otherwise indicated), and are not guaranteed by or the responsibility of any such affiliates (unless explicitly stated otherwise); and
- (3) Involve investment risks, including possible loss of the principal invested.

JPMS's banking affiliates may be lenders to issuers of securities that JPMS underwrites, in which case proceeds of offerings underwritten by JPMS may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPMS obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMS will constitute your consent to the sharing of such information by JPMS and its bank or thrift affiliates, to the extent permitted by law.

IMPORTANT INFORMATION ABOUT YOUR STATEMENT

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request

Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Morgan Companies may be compensated for such services.

We will assume that your continuing to transact business with JPMs will constitute your consent to the sharing of such information by JPMs and its bank or thrift affiliates, to the extent permitted by law.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the

close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to US Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request

If you have an investment account that is managed by an SEC-Registered Investment Advisor, the Private Bank of J.P. Morgan will provide a copy of the advisor's Form ADV II or brochure upon written request.

If you have chosen one of the sweep mutual funds, you are notified that positions in the Prime Money Market Sweep Fund represent holdings in the JPMorgan Prime Money Market Fund; positions in the Federal Money Market Sweep Fund represent holdings in the JPMorgan Federal Money Market Fund; and positions in the Tax Exempt Money Market Sweep Fund represent holdings in the JPMorgan Tax Exempt Money Market Fund.

("JPMCC"), an affiliate of JPMMS, and (2) other than exchange-listed options, are held in your Asset Account at JPMorgan Chase Bank, N.A. Positions in exchange-listed options are held by J.P. You should have received separate confirmations for each securities transaction. All transactions are subject to the terms and conditions stated on the reverse side of such confirmations and are subject to the constitution, by-laws, customs and interpretations of the marketplace where executed and governed by and construed in accordance with the laws of the State of New York and all applicable federal laws and regulations. Further information with respect to commissions and other charges related to the execution of transactions, including options transactions, has been included in confirmations that were previously furnished to you. Upon written request, JPM^S will promptly supply you with the latest such information.

Shareholders of certain JPMorgan Funds are charged a redemption fee equal to 2% of the proceeds if they exchange or redeem shares of such funds within 60 days of purchase, subject to certain exceptions set forth in the prospectus of the applicable Fund. Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees.

JPMCC and JPM^S are members of the Securities Investor Protection Corp ("SIPC"), a not-for-profit membership corporation funded by broker-dealers registered with the Securities and Exchange Commission. Securities and cash held for a customer at JPM^S and JPMCC are protected by SIPC up to \$500,000 per customer, which includes up to \$100,000 of protection for cash. SIPC does not protect against losses from fluctuations in the value of the securities. Assets held in custody by JPMorgan Chase Bank, N.A. (the "Bank") are not subject to SIPC. You may obtain information about SIPC, including the SIPC Brochure, on their website, at "www.sipc.org" or by contacting them at (202) 371-8300.

To the extent applicable, please read the following disclosures regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

JPM^S, JPMCC or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Morgan Companies may be compensated for such services. A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.

Bank products and services are offered through JPMCC and its affiliates. Securities are offered by JPM^S and, to the extent noted above, cleared through JPMCC.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

You must promptly advise JPM^S of material changes in your investment objectives or financial situation. Unless you inform JPM^S otherwise, JPM^S will consider the information currently in its files to be complete and accurate.

JPM^S is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMCC. The securities sold, offered, or recommended by JPM^S:

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;
- (2) Are not deposits or other obligations of JPM^S's bank or thrift affiliates (unless otherwise indicated), and are not guaranteed by or the responsibility of any such affiliates (unless explicitly stated otherwise); and
- (3) Involve investment risks, including possible loss of the principal invested.

JPM^S's banking affiliates may be lenders to issuers of securities that JPM^S underwrites, in which case proceeds of offerings underwritten by JPM^S may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPM^S obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPM^S will constitute your consent to the sharing of such information by JPM^S and its bank or thrift affiliates, to the extent permitted by law.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements. Accordingly, investors should not rely on pricing information appearing in their statements with respect to ARS.

If you have chosen one of the sweep mutual funds, you are notified that positions in the Prime Money Market Sweep Fund represent holdings in the JPMorgan Prime Money Market Fund; and positions in the Tax Exempt Money Market Sweep Fund represent holdings in the JPMorgan Tax Exempt Money Market Fund.

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements. Accordingly, investors should not rely on pricing information appearing in their statements with respect to ARS.

If you have chosen one of the sweep mutual funds, you are notified that positions in the Prime Money Market Sweep Fund represent holdings in the JPMorgan Prime Money Market Fund; positions in the Federal Money Market Sweep Fund represent holdings in the JPMorgan Federal Money Market Fund; and positions in the Tax Exempt Money Market Sweep Fund represent holdings in the JPMorgan Tax Exempt Money Market Fund.

Additional Information About Your Accounts

Securities purchased or sold through JPMSI (1) other than mutual funds, are cleared through J.P.Morgan Clearing Corp. ("JPMCC"), an affiliate of JPMSI, and (2) other than exchange-listed options, are held in your Asset Account at JPMorgan Chase Bank, N.A. Positions in exchange-listed options are held by J.P.Morgan Clearing Corp. and are not delivered to or from your Asset Account. For your convenience, however, positions in exchange-listed options are presented in this Asset Account statement together with other assets held in that account. All pertinent information about your settled and pending purchases and sales effected through your JPMSI account during the period covered by this statement, is summarized in the "Trade Activity" portion of this statement.

You should have received separate confirmations for each securities transaction. All transactions are subject to the terms and conditions stated on the reverse side of such confirmations and are subject to the constitution, by-laws, customs and interpretations of the marketplace where executed and governed by and construed in accordance with the laws of the State of New York and all applicable federal laws and regulations. Further information with respect to commissions and other charges related to the execution of transactions, including options transactions, has been included in confirmations that were previously furnished to you. Upon written request, JPMSI will promptly supply you with the latest such information.

Shareholders of certain JPMorgan Funds are charged a redemption fee equal to 2% of the proceeds if they exchange or redeem shares of such funds within 60 days of purchase, subject to certain exceptions set forth in the prospectus of the applicable Fund. Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees.

JPMC and JPMSI are members of the Securities Investor Protection Corp ("SIPC"), a not-for-profit membership corporation funded by broker-dealers registered with the Securities and Exchange Commission. SIPC does not protect against losses from fluctuations in the value of the securities. Assets held in custody by JPMorgan Chase Bank, N.A. (the "Bank") are not subject to SIPC. You may obtain information about SIPC, including the SIPC Brochure, on their website, at "www.sipc.org" or by contacting them at (202) 371-8300.

To the extent applicable, please read the following disclosures regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular Muni Auction Based Inverse Floaters ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Important Information about Pricing and Valuations
Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests, and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the

These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not Insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TDF 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular Muni Auction Based Inverse Floaters ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the

close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not Insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS): ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

If you have chosen one of the sweep mutual funds, you are notified that positions in the Prime Money Market Sweep Fund represent holdings in the JPMorgan Prime Money Market Fund; positions in the Federal Money Market Sweep Fund represent holdings in the JPMorgan Federal Money Market Fund; and positions in the Tax Exempt Money Market Sweep Fund represent holdings in the JPMorgan Tax Exempt Money Market Fund.

Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees.

JPMCC and JPMSI are members of the Securities Investor Protection Corp ("SIPC"), a not-for-profit membership corporation funded by broker-dealers registered with the Securities and Exchange Commission. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

JPMSI, JPMCB or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Morgan Companies may be compensated for such services.

A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.

Bank products and services are offered through JPMCB and its affiliates. Securities are offered by JPMSI and, to the extent noted above, cleared through JPMCC.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

You must promptly advise JPMSI of material changes in your investment objectives or financial situation. Unless you inform JPMSI otherwise, JPMSI will consider the information currently in its files to be complete and accurate.

JPMSI is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMCB. The securities sold, offered, or recommended by JPMSI:

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;
- (2) Are not deposits or other obligations of JPMSI's bank or thrift affiliates (unless otherwise indicated), and are not guaranteed by or the responsibility of any such affiliates (unless explicitly stated otherwise); and
- (3) Involve investment risks, including possible loss of the principal invested.

JPMSI's banking affiliates may be lenders to issuers of securities that JPMSI underwrites, in which case proceeds of offerings underwritten by JPMSI may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPMSI obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMSI will constitute your consent to the sharing of such information by JPMSI and its bank or thrift affiliates, to the extent permitted by law.

Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees.

JPMCC and JPMI are members of the Securities Investor Protection Corp ("SIPC"), a not-for-profit membership corporation funded by broker-dealers registered with the Securities and Exchange Commission. Securities and cash held for a customer at JPMI and JPMCC are protected by SIPC up to \$500,000 per customer, which includes up to \$100,000 of protection for cash. To the extent applicable, please read the following disclosures regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

JPMI, JPMCB or their affiliates (the "J.P. JPMI's banking affiliates may be lenders to issuers of securities that JPMI underwrites, in which case proceeds of offerings underwritten by JPMI may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPMI obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMI will constitute your consent to the sharing of such information by JPMI and its bank or thrift affiliates, to the extent permitted by law.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client. J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the

close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits In Foreign Branches are not Insured by the FDIC or any other Agency of the Federal Government; Amounts In such Foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22-1).

Important Information Regarding Auction Rate Securities (ARS): ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Important Information about Pricing and Valuations
Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.
J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the

close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not Insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Fund manager disclosure information available upon request

If you have an investment account that is managed by an SEC-Registered Investment Advisor, the Private Bank of J.P. Morgan will provide a copy of the advisor's Form ADV II or brochure upon written request.

Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees. JPMCC and JPMS are members of the Securities Investor Protection Corp ("SIPC"), a not-for-profit membership corporation funded by broker-dealers registered with the Securities and Exchange Commission. To the extent applicable, please read the following disclosures regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

JPMS, JPMCB or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P. Bank products and services are offered through JPMCB and its affiliates. Securities are offered by JPMS and, to the extent noted above, cleared through JPMCC.

If a partial call is made with respect to an issue of securities included in your Account we will allocate the call by a method we deem fair and equitable.

You must promptly advise JPMS of material changes in your investment objectives or financial situation. Unless you inform JPMS otherwise, JPMS will consider the information currently in its files to be complete and accurate.

JPMS is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMCB. The securities sold, offered, or recommended by JPMS:

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;
- (2) Are not deposits or other obligations of JPMS's bank or thrift affiliates (unless otherwise indicated), and are not guaranteed by or the responsibility of any such affiliates (unless explicitly stated otherwise); and
- (3) Involve investment risks, including possible loss of the principal invested.

JPMS's banking affiliates may be lenders to issuers of securities that JPMS underwrites, in which case proceeds of offerings underwritten by JPMS may be used for the repayment of such loans, and you should refer to the disclosure documents relating to particular securities for discussion of any such lending relationships. The Federal Reserve requires that JPMS obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMS will constitute your consent to the sharing of such information by JPMS and its bank or thrift affiliates, to the extent permitted by law.

Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of which may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the

close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

The JPMorgan Funds or The JPMorgan Institutional Funds or The American Century Funds

Shares of the funds are not bank deposits and are not guaranteed by any bank, government entity, or the FDIC. Return and share price will fluctuate and redemption value may be more or less than original cost. While the money market funds seek to maintain a stable net asset value of \$1.00 per share, there is no assurance that they will continue to do so. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized.

The distributor of the JPMorgan Funds is JPMorgan Distribution Services, Inc., which is an affiliate of the Bank. The Bank and its affiliates receive compensation from JPMorgan Funds for providing services. American Century Investment Services, Inc. is the distributor of the American Century Funds. American Century Investment Management Inc. serves as investment advisor to its respective fund family and receives compensation from that fund family for providing investment advisory and other services.

This statement is not an official document for income tax reporting purposes.

Deposits in Foreign Branches are not Insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S. Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

The Federal Reserve requires that JPMS obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMS will constitute your consent to the sharing of such information by JPMS and its bank or thrift affiliates, to the extent permitted by law.
