Information about the Request We Received

In this letter, we'll report the status of the request we received.

We've enclosed the transcript or transcripts that you requested on April 09, 2017.

A tax return transcript is generally available for the current processing year and for three prior years. It contains most of the information from your original return, along with information from the forms and schedules you filed with it.

The transcript, however, does not contain changes made to the return, by either you or us, after you filed the return. Such changes could include your filing an amended return, corrections we make to the return because we discovered a math mistake, or a payment credited after you filed the return. The transcript also does not show refunds.

Information for current tax years is available immediately on our computer systems. Delivery time to you depends on how you submit your request and the delivery method you select to receive the information.

If you have any questions about information contained in the transcripts or other enclosed information, please call us at the IRS telephone number listed in your local directory or at 1-800-829-0922.

Sincerely Yours,

Patricia Jobost
